Morvich Works Mile in Louis H. Eisenlohr-Other 1:40 2-5 at Jamaica Track Boats Ready.

By ARTHUR F. ALDRIDGE.

Many of the new yachts are nearing completion and launchings will come fast in the next few weeks. The first of these will be the Miramar, a steel power house boat that has been built for Louis H. Elsenlohr of Philadelphia, from designs by Henry J. Gielow. This yacht will be put overboard from the plant of Kyle & Purdy at City Island this afternoon. The engines, two Nelseco Diesels of 125 horse-power each are installed, all the interior joiner work has been fitted and the yacht will be ready for her builders' tight in a few. he ready for her builders' trial in a few days and will then be commissioned. the warm weather and go South next

one of the famous comebacks of the Brooklynties, but, thanks to invincible home defense, this did not materialize. For fifteen minutes it was nip and tuck betwen the seemingly well matched teams, and then Andrews raced with the ball down the left wing, winding up with a hard shot at Todds' goal. Renzulli made a partial stop, but on the rebound Andrews and Duggan followed up. The point was credited to Andrews. Seven minutes from half time Duggan, with a stinging drive from the right, carned New York's second goal.

A corner kick by Duggan was turned into the Todd net by Tommy Stark, twenty minutes after the restart, for New York's third and last goal. Several rallies by last year's cup winners were unproductive. Both Geudert and Renzulli, the two goalies, were at their best.

ORVICH, the favorite for the Kentucky Derby, had a mile trial yesterday morning at the Jamalca track. He stepped the distance in 1:40 2-5. This was not as fast as some horsemen expected he would go, but it was impressive.

he would go, but it was impressive. His last quarter was faster than his first. He traveled six furlongs in 1:162-5 and came home in 24 seconds. But he had company in the last half mile.

Irish Brigadier, the big black three year old belonging to Fred Burlew, joined Morvich at the half-mile post and finished with him. While McAtee was not urging Morvich at the end he was not holding him in check. A big crowd, including Benjamin Block, owner of the colt, watched the trial.

Morvich broke as if he wanted to run. McAtee took a tight hold on him and he was only galloping at

TO DEFEND TITLES

Layton to Meet McCourt and Greenleaf to Play Against Walter Franklin.

By THOMAS J. GALLAGHER.

Two championship billiard events will be decided this week. John Layton will defend the three cushion carom trophy and E. Ralph Treenlesf will meet a challenge for the pocket title.

The three cushion contest will take place in Sedalia, Mo., the champion's tome town. Charles McCourt of Pittsburgh is the challenger.

It will begin this evening and terminate Wednesday night. The stakes

minate Wednesday night. The stakes will be \$250 a side, together with the net gate receipts, all of which will go to the winner. The banquet room of the Hildebrand Hotel will be the scene the competition. The pocket match will be played at

Charles Klein's Strand Academy, this city, on Thursday, Friday and Saturday nights. Walter Franklin of Kansas City, Mo., is the expert who seeks Greenleaf's laurels. The game will be 450 balls, played

in three sessions. Under the rules the first session will end when one player shall have scored 150 balls, and on the second night, when either of the contestants shall have scored 200 balls. There is, however, no hard and fast provision to enforce such specific conditions.

Inasmuch as the game will be con-tinuous, fourteen balls of the final frames on the opening and record night must be pocketed before play will cease. Thus, it is possible that the player who is first to reach the quota for those nights may have to pocket thirteen addi-tional balls in order to maintain the lead and control the opening the follow-

cosed the champion. He was over whelmed, a feature of his discomfortur being an extraordinary record run 100 balls by Greenleaf. The latter, w has been traveling with the Edgar Spears combination, has signed a co tract to continue with it during the ne two billiard seasons.

Would Charge Plenty for Dempsey-Wills Go

DEGOTIATIONS are on to hold the Dempsey-Wills bout in East Chicago, where a new arena has been pitched. Paddy Mullins, who controls the destiny of the negro champion, has accepted for his charge. Dan McKettrick, who represents the consolidated Dempsey interests during the absence of the heavyeight champion, says that the offer sounds attractive. The arena at present can hold 19,000, but it can be enlarged to a capacity of 75,000. At the rate which the promoter plans to charge it would be possible to get a million dollar gate. The promoter talks in millions. His name is Harry A. Hyams and he has strayed to New York from his home in Indiana Harbor.

Sets a Swimming Mark. CINCINNATI, April 80,-Elliott Brodie, if years old, of the Pittaburgh Aquatic Club, set a new Junior National Amateur Athletic set a new Junior National Amateur Athletic Union mark in the 440 yard breast stroks last night by covering the distance in seven minutes, seven and two-fifths seconds, the former record being seven minutes, thirtsen seconds.

Maytime! You may anytime!

We always want you to bring it back if it isn't entirely satisfactory.

Perhaps it's that very had and control the opening the following night.

Briefly stated, the table must be cleared of all object balls except the fifteenth. And it may happen that before the table be cleared the contestant who is first to score 150 or 200 balls may be deprived of the lead before the final deprived of the lead before the final control of the lead before the final brings us into May with Spring outfitting all a-bloom!
